INSTRUCTIONS

1. Working one hand at a time, apply the print by painting a heavy layer of Red Hot the left hand.
2. After applying the paint, immediately press the hand onto the left side of the plate. To make sure we have room for the heart, get the print as close to the edge as you can. Press firmly.
3. Repeat steps one and two for the right hand on the right side of the plate.
4. Use your water based marker to write the child's name next to their print.
5. Draw on a heart that overlaps the hands in the center of the plate. Use the water based marker first and then fill in with 3 coats of Pretty In Pink.
6. Use either your word pattern or a water based marker to apply the writing. Then use your liner brush to apply 1 coat of Licorice to the words and Red Hot to your hearts.
7. Finally, use a writing bottle of Licorice to write on the children's names.

TIPS

- The Pretty In Pink color is translucent so the prints will come back through after firing.
- The exact colors don't matter, so feel free to vary up the colors as you'd like.
- Pale colors don't make for good prints, so avoid pastel colors.
